

# Times Table Clock

By Robyn Sorensen

## Learn:

- A fun app for iPhone and iPod touch
- Includes times tables from 2x to 12x
- Ideal for learning both multiplication AND division
- Ages 6 to adult

## Play:

- Beat the jokers! An addictive game based on clock solitaire
- Automatically learn the tables as you play, without even trying
- Each game takes only minutes

## Remember:

- Multisensory: tactile, visual and spatial cues to memory – ideal for dyslexia
- Non-verbal: doesn't rely on phonological skills like rote memory does

Available on the  
**App Store**
